DODGE CITY, KANSAS, THURSDAY, AUGUST 2, 1906.

THIRTIETH YEAR, VOL. XXIX, NO. 43

FORD COUNTY CROP YIELDS

The best crop of wheat reported so far in Ford county was raised north of the river about six miles from Ford City.

On a tract of 380 acres A. B. Keith and H. M. Gearhart raised 10,000 bushels. 100 acres of this land yielded an average of 45 bushels per acre, machine measure, and it will by weight make a still better showing. 120 acres of this land produced an average of 35 bushels per acre, and the entire tract went over 28 bushels to the acre. This yield is not exaggerated. The GLOBE-REPUBLICAN heard it reported several days ago and wrote to Mr. N. J. Smith of Ford City regarding it. Mr. Smith looked it up and verifies the report.

The land on which the above mentioned crop was raised could have been bought a few years ago for probably about \$1.25 an acre, and the crop this year is worth between \$6000 and \$7000.

The 1906 wheat crop is being marketed in Ford county now. The buyers in Dodge are receiving large quantities daily and Bucklin, Ford and Spearville are getting their shares. At Ford City Mr. Van Horne is receiving thousands of bushels. It is coming in much faster than he can get cars and is being unloaded on the ground.

Ford county has raised some fine potatoes this year, as fine as can be shown by Colorado or the famous Kaw valley in this state. Mr. Rowe who lives on the Dorsett place near Spearville marketed potatoes in Dodge City last week that for size and quality would be hard to beat anywhere. Mr. Rowe planted one acre to potatoes and raised over a hundred bushels. The potatoes were mulched and no attention was paid to them afterwards. Now, when the straw is removed, great clusters of mammoth potatoes can be seen protruding from the ground. It requires very little work to dig them. Nearly all of the work required for this kind of a crop is the planting, hauling and loading.

Another fine crop of potatoes was raised by Mr. Miller on Niles Wiseman's place near Wright Station.

R. S. Robinson has one of the best plum crops in Kansas, for a small sized orchard. On his lots in town he has raised over fifty bushels of plums and they are of the finest quality. He has been selling them for \$2.50 per bushel as fast as they have been gathered. Ford county seems to be particularly adapted to plum growing.

Peaches are a big crop here this year. Every one who has peach trees has plenty of peaches.

J. J. Voris has some late corn that is making a rapid growth. The corn was planted on the 20th day of June, and is now nearly shoulder high.

Mr. Elder of Dodge City who has a ranch south west of town has a wheat crop that will go better than twenty bushels to the acre.

T. E. French has some fine grapes on the lots where he resides on Railroad avenue. On a few vines he has raised about thirty bushels of grapes, and he also has some fine specimens of peaches. It is understood that Mr. Carpenter and Mr. Robinson, south of the river have big crops of grapes this year.

Joe Hink was in town yesterday marketing some fine potatoes which he raised this year. Mr. Hink had about an acre and three quarters in potatoes and this patch has yielded 250 bushels.

KILLED BY EXPLOSION

Santa Fe Engineer Killed and Fireman Badly Injured Yesterday Morning.

Engineer Holmes was killed by a boiler explosion on the engine of freight train number 31 yesterday morning near Mansfield, this side of Garden City. Fireman Quinlan who was on the engine was terribly scalded but may recover from his injuries.

It is understood that the engine was being run with a shortage of water, but no definite information regarding the cause of the explosion has been learned. There are water tanks at two points between Dodge City and Mansfield so that there was no necessity for being short on water.

Besides Engineer Holmes, a boy it is said was killed by the explosion.

Engineer Holmes was a new man on this division, and had been running on the New Mexico division only a short time ago.

The fireman, E. W. Quinlan is a Topeka man and has a mother in the Capital city.

Notice

The committee on Vice-President's day at the reunion requests that the people of Ford county make that a holiday and that as many as possible take part in the parade.

All Native Hoosiers are especially requested to be in line. Thirty-six Indiana Volunteers have already reported and will act as a personal escort to the Vice President.

Further details of the parade will be printed later.

HENRY LORD, chairman.

Dellinger for Surveyor.

County Surveyor T. L. Dellinger will be a candidate for re-election to the office he is now filling. Mr. Dellinger has done a great deal of work in the county and is familiar with the work, and in all probability he will be the only candidate for this office. So far as has been learned there is no other person asking for the place on either of the county tickets.

Mr. Dellinger will place his name before the Republican county convention for nomination and in all probability he will have no opposition.

Lyceum Entertainments.

A move is being made to get up a guarantee subscription list to secure a course of Lyceum Bureau entertainments for the coming season of 1906 and 1907. Five attractions have been selected from the Midland Bureau, as: The Madrigal Lady Entertainers, The Wilbur Starr Concert company, Marylin Williams entertainer, Dent Atkinson and Nat M. Brigham lecturers. It is as strong a course as has been proposed here, each one of the combination having stood the test of popularity and being ranked among strictly first class entertainers. It is proposed to keep the price for season tickets down to the low mark, making the five at \$1.25, which includes reserved seat at no extra charge. Because of the larger cost of the series a subscription of 300 tickets as a guaranty becomes necessary to secure the course. All who are interested in seeing Dodge City secure these splendid attractions for the coming fall and winter are requested to give in their names and number of tickets they will take. Because of such a general demand for the reappearance of the two popular lecturers, Dr. J. T. Headley and Frank McClure Chaffee, a chance will be given at the same time of making subscriptions to secure them as additions to the regular course. Subscribers to the Midland Course, being received at 50 cents for the two, others not subscribing to the complete course, 75 cents for the two alone. If sufficient of our citizens will interest themselves in helping on this move, all seven of these splendid attractions can be provided at an entire cost of \$1.75 to ticket holders. Hand your name, with number of tickets desired, either to Nelson Crawford at the Post Office, or to the undersigned.

J. W. THOMPSON.

Notice

To Contractors and Builders:
Bids will be accepted, and opened on August 11, at 2:30 p. m. at the county superintendent's office, for the erection of two out houses and one coal house. Plans and specifications on file at the county superintendent's office. The right is reserved to reject any and all bids. By order of School Board, School District No. 20.

MRS. RAPP KILLED.

Former Resident Met Death in Getting off Quincy Street Car.

The sad news of the death of Mrs. John Rapp, formerly of Dodge City, reached here on Monday.

Mrs. Rapp was killed in getting off of a street car near her home in Quincy, Illinois, on Tuesday evening, July 24th. She had attended a Chatauqua meeting and was returning home. Her house is near the middle of a block. She had signalled for the car to stop, but it appears that it continued running for the crossing ahead. Mrs. Rapp stepped from the car, and fell, striking the back of her head. She died from her injuries a few days later.

Otha Easton received a letter here Monday from Mrs. Rapp's son, Arthur, telling of the sad affair.

Mrs. Rapp has many friends in Dodge City who will be deeply grieved by her death.

HORSE FARM SOLD.

Stubbs Horse Farm and Horses Sold This Week to A. M. Horner

The thoroughbred horse farm which has been owned for years by the Stubbs Brothers east of Dodge City was sold to A. M. Horner. Mr. Horner is dealing extensively in stock and it is understood that one purpose in buying the Stubbs farm is to have a feeding place for stock near town.

Mr. Horner took with the farm all of the brood mares and Mr. Stubbs will keep all of the horses that have been in training, and also some of the promising youngsters.

The Stubbs Brothers will continue to keep up a fine stable of running horses, but in the future will buy the colts instead of raising them. This method will give them a better variety, and more chances, and they think it will be just as cheap as raising them.

In the deal Mr. Stubbs takes a Pratt county farm from Mr. Horner.

Rooms for Reunion

Parties who have rooms which they will rent during the reunion are requested to report at once to R. W. Evans. Mr. Evans is a member of the committee which will have charge of this matter. The committee desires to get a list of all of the rooms that can be rented by visitors. It is required that the rooms listed by the committee, must rent so that a person will not have to pay more than fifty cents for a bed. Report your rooms at once.

By a mistake of the printer the name of T. A. Dalton was substituted for the name of Sam Gallagher as a director on the letter heads, and some of the literature of the Ford County Fair association. Mr. Gallagher resigned as secretary of the association, and later Mr. Dalton was chosen to serve in that capacity. In changing the name of the secretary, the change was made by mistake in the place of director also. It was simply a mistake, and one for which no member of the association was responsible. Mr. Gallagher is still one of the directors of the association. He has been one of the mainstays of the organization and has put in some hard work as secretary in the past years, and his experience and judgement has done much toward the success of the Ford County Fair.

Republican Primary.

The Republicans of Ridewater precinct will hold a primary on Saturday, August 11th, at 7 o'clock p. m., at the school house in this precinct, for the purpose of selecting delegates to the county convention, which is to be held in Dodge City on August 15th.

J. M. SNYDER, Committeeman.

For County Clerk.

Sam Connaway, who during his present term has been one of the most efficient county clerks that has ever held that office in any Kansas county, announces his candidacy for a second term.

His work so far has not only been already of much value to the county, but by some of the methods he has established will continue to be of value in future.

The people of Ford county were indeed fortunate in selecting a county clerk at the last election, and they will no doubt be glad to express their approval of Mr. Connaway's services, by giving him a second term.

LOUIE BADER DEAD

Passed Away at Noon Today. Was Conscious to the Last.

Louie Bader, councilman from the second ward, chief of the fire department, one of our prominent business men, and a young man whom every one in the county liked to call his friend, died at fifteen minutes after noon today. Probably no one has ever lived in Dodge City, or ever will, who will be more universally liked and respected than Louie Bader has been. He had the confidence, respect and good will of all, and it was deserved by him if ever by any one. In the home of his father, where he lived all of his life he was deeply beloved by every member of the family, and even among the friends outside the attachment for the young man was singularly strong. His death will be felt as a personal loss by every acquaintance, and will be a deep bereavement to all of his old friends and neighbors.

Louie Bader was 38 years old, and was the son of Mr. and Mrs. Fred Bader, who are among the elder residents of Dodge City. As a young man he has been industrious, saving, and successful. He had before his sickness accumulated sufficient wealth to have kept him for a reasonable lifetime. He was apparently in fair health up to the time that the illness which caused his death came upon him. His ailment was a disease of the spleen, and it was agreed by various physicians of different places that nothing could be done for him. And among all whom he visited, none could find any reason for his being afflicted with the disease.

His death comes as an inconsolable grief to his parents, sisters and brother, and the sympathy of all will go out to them in their bereavement.

Funeral services will be held on Saturday morning, at 10 o'clock from the Presbyterian church.

KILLED AT SPEARVILLE.

Albert Frommett Caught Between Cars There Today and Killed.

Albert Frommett, section foreman on the Santa Fe at Spearville, was killed there today. The particulars have not been learned, but it is said that a train had broken in two while there and Frommett was caught between the cars as the fore part of the train backed up. Another man, one of the brakemen, was caught and had a shoulder pretty badly injured.

Evangelist Donovan will give a special illustrated gospel work, and an exhibition of some of the finest moving pictures, at the Christian church on Friday evening, August 3. Admission 25 and 10 cents.

CARNAGIE SWEETENS IT.

Will Give an Additional Thousand to Dodge City Library

Andrew Carnegie is to "come across" again for the Dodge City library. The committee has been corresponding with Mr. Carnegie toward this end and it is understood that the matter is settled. The city council has agreed by resolution to allow another \$100. toward the maintenance of the library in consideration of Mr. Carnegie's additional gift, and at the same time the council, while doing this, will, on account of the increase in the valuation of city property, be able to cut down the library levy a half mill below what it was last year.

With these helps the library board will be able to have the building furnished properly, and launch the institution creditably.

The following teachers have been elected to the Spearville schools: Claude Hays, principal, and Misses Theresa McDermott and Emma Leidigh primary and intermediate teachers. Mr. Hays was also elected to the principalship of the Bucklin schools, which shows that his services are in demand.
